I think that is very important to testify about the wonders of God in our lives. This is what allows people to see God living here and living now.

I was studying my career at the Autonomous University of Guadalajara (UAG) when I asked God that I really wanted to know Him. My life was almost empty. I got in one of those narrow Volkswagen 'Combis' (the "ten-coiners", a temporary Mexican transportation service) which were paid with ten Mexican Pesos of the 'heptagonal' currency ([http://liveweb.archive.org/http://img1.mlstatic.com/serie-hidalgo-10-pesos-heptagonal\\_MLM-O-2761996439\\_062012.jpg](http://liveweb.archive.org/http://img1.mlstatic.com/serie-hidalgo-10-pesos-heptagonal_MLM-O-2761996439_062012.jpg)). Facing me, sitting, was a little boy watching me intently in a way no other child had looked at me before. That caught my attention and I decided to slightly touch his head while I asked him:

- "What a beautiful child, what's your name?" I asked.
- "My name is Aaron," he said.
- "Ah, well, like the brother of Moses," I said.
- "No, Moses is not my brother, he is my cousin," he replied with his big innocence.

His mother, who was at his side, when she did hear that I mentioned Moses, without wasting time, immediately asked me:

- "Young man, do you read the Bible?"

To which I replied that this was a book that I was interested to understand (Now I watch in wonder the Scripture that teaches me: Ex. 14:15-16.)

From that time I started to learn the wonderful Word of God under the dedicated teaching of Eva Lazcano, to whom I thank with all my heart. Unfortunately, over time, what began with a prayer to God, who responded by sending me Eva, was becoming just ritual and paper. How true are the words that the letter kills but that the spirit giveth life! (2 Corinthians 3:6).

Twenty years after having known the Word of God and having enthusiastically shared it with many people, I realize how important it is to tell them to go directly to God, to ask things to Him, to talk to Him from the depths of our hearts with the certainty that God will answer always, to only trust God who is the only perfect love!

Every human being commits mistakes, fails, is flawed and falls short, that's why I advise my students to depend only on God and not in men.

I realize that many of the former leaders I met sadly are at a point to study and to teach the Bible only with their five senses. They prepare their lessons, seminars and classes in a rigid manner, without any spiritual power and, of course, without inviting God. They don't ask: Is there a believer that needs something special? What is it that You want me to say?

In India, people have received the Word of God with great simplicity and if they only learn one verse, that's the verse that they share, and that's the verse that they begin to apply powerfully in their lives. How important it is to be living letters instead of sepulchral encyclopedias! Study the Word, talk with God and live with joy.

Thus, the Word and the power of God has spread tremendously fast in India, thousands of born-again believers are sharing the Word to others at the same time, being able to easily and freely manifest the holy spirit that dwells within them, to evidence all the manifestations of holy spirit (as we read in 1 Corinthians 12:7-10):

- 1 - Speaking in tongues in their personal lives and in the fellowships,
- 2 – To interpret in the fellowships what was spoken in tongues by them,
- 3 – To receive the word of prophecy that God inspires,
- 4 – To receive God's revelation through the word of knowledge,
- 5 – To receive the word of wisdom,
- 6 – To receive discernment of spirits,
- 7 – To manifest the faith of Jesus Christ even when personal faith is failing,
- 8 – To manifest the gifts of healings,
- 9 – To Manifest miracles.

The harvest is plentiful, and it's God's, it did not pertain to a single trademark! It's surprising that you just ask the Lord for laborers of the harvest, then you train them with the best of your spiritual perception and understanding to let them fly away. In this way they gladly work for God, they are solely responsible before Him!

If you, dear brother in Christ, despite your many years of belonging to this or to that group or organization are not really seeing any growth in your personal walk with God, if you do not see in your life those things that you should be clearly seeing: The more than abundant life, health, prosperity, peace... then you need to raise your eyes to heaven and ask God to show you how to continue your growth and your spiritual walk with Him. Surely God will show you His wonders as He did with me when I asked.

You, dear born-again believer filled with the spirit of God, you have the power to begin today to heal the sick, to perform miracles, and to receive revelation of God, to give word of prophecy and interpretation of tongues in your congregation and speaking in tongues constantly in your personal life. You were called to freedom by God to make Him known to others, to those that God will send you. The power of God did raise our Lord Jesus Christ from the dead (Romans 10:9-10), and this same power applied in a practical way, will allow you to perform the mighty works that Jesus Christ did and did teach when He walked here on earth. Please, do not let the scribes of our time to embitter your life. You are the perfect creation of God and you can do the works that He prepared. Don't let anybody to tie your wings!
